2025

AUGUST 28th

THURSDAY, AUGUST 28th, 2025

	ROOM 1	ROOM 2	ROOM 3
08:00 - 08:30	Registration / Opening		
08:30 - 10:30	Head and Neck Moderators: <i>Dr. Diego Marré Dr. Alejandro Conejero</i>	Aesthetic Surgery of the Breast Moderators: <i>Dr. Viviana Sprohnle - Dr. Patricio Leniz</i>	Burns <i>Moderators: Dr. Adriana Alzate - Dr. José Luis Piñeros</i>
08:30 - 08:50	Reconstruction in Head and Neck cancer without microsurgery. <i>Dr. Michel Marin</i>	Breaking paradigms in breast reduction. <i>Dr. Francisca Leon</i>	Exceptional survival burn patients. . those who survive. <i>Dr. Sebastián Villegas</i>
08:50 - 09:10	Alternative options and salvage procedures for complex head and neck reconstruction. <i>Dr. Pedro Ciudad</i>	Management of breast tissue with central pedicle+ dermal mesh in breast reduction and mastopexy. <i>Dr. Armin Rudolph</i>	Evolution of transient coverings in burn patients. <i>Dr. Ricardo Roa</i>
09:10 - 09:30	Technical aspects in Head and Neck Reconstruction. <i>Dr. Alejandro Conejero</i>	The autoimplant with mesh Will it replace mastopexy with implants? <i>Dr. Rocio Las Heras</i>	Tissue banks in Plastic Surgery. <i>Dr. Marcelo Fonseca</i>
09:30 - 09:50	Facial paralysis reanimation: What I have learned from my mistakes. <i>Dr. Diego Marré</i>	Kite Mastectomy. <i>Dr. Laura Cala</i>	Difficulties and learning from disasters with multiple burned people. <i>Dr. Fernado Macán</i>
09:50 - 10:10	Virtual surgical planning in microsurgical reconstruction of head and neck: critical review of 127 cases. <i>Dr. Juan Enrique Berner</i>	Achieving predictable outcomes in complex augmentation mastopexy revisions. <i>Dr. C. Bob Basu</i>	Release Q Chile: Laser treatment for severe scarring. <i>Dr. Carolina Soto</i>
10:10 - 10:30	<i>Questions</i>	<i>Questions</i>	<i>Questions</i>

10:30 - 11:00 - COFFEE BREAK

11:00 - 11:30	MASTER CLASS: The regenerative toolbox in modern aesthetic plastic surgery practice. <i>Dr. Ali Ghanem</i>		
11:40 - 13:10	Head and Neck Pediatrics <i>Moderators: Dr. Valentina Broussain - Dr. Álvaro Cuadra</i>	Aesthetic Surgery of the Breast <i>Moderators: Dr. Rocio Las Heras Dr. Marcelo Steiner</i>	Contributed Papers <i>Moderators: Dr. Wilfredo Calderón - Dr. Rodrigo Tejos</i>
11:40 - 12:00	Reconstruction of dermato-oncologic defects. <i>Dr. Susana Searle</i>	Brussels cocktail: a successful recipe for breast augmentation. <i>Dr. Mustapha Hamdi</i>	See detail of Contributed papers at the end of the program on page 4 # ↓ Page #4
12:00 - 12:20	Migraine surgery: our role as a plastic surgeon. <i>Dr. Nicolás Pereira</i>	Rescue revision in prosthetic breast augmentation and its implications. <i>Dr. Patricio Leniz</i>	
12:20 - 12:40	Ischiopagus conjoined twins, Itinerary of an experience. <i>Dr. Sebastian Villegas</i>	Comprehensive approach to breast implant revision surgery. <i>Dr. Mustapha Hamdi</i>	
12:40 - 13:00	Abdominal wall reconstruction in children: challenging cases. <i>Dr. Carolina Lagos</i>	Breast explantation. <i>Dr. Cristián Arriagada</i>	
13:00 - 13:10	Innovations in ear reconstruction with costal cartilage in microtia. <i>Dr. Maria Angelica Paulos</i>	<i>Questions</i>	

LUNCH MEDCORP SYMPOSIUM: Minimally invasive total body reshaping.
Dr. Ricardo Araujo

14:30 - 16:30	Breast Reconstruction <i>Moderators: Dr. Pedro Cuevas Dr. Nicolás Oyarce</i>	Body Contouring <i>Moderators: Dr. Carlos Domínguez Dr. Juan Pablo Cárdenas</i>	Dermatocosmiatry <i>Moderators: Dr. Adriana Alzate Dr. Veronica Pena</i>
14:30 - 14:50	Immediate breast reconstruction. <i>Dr. Oscar Jacobo</i>	The fourth era of body contouring surgery. <i>Dr. Stefan Danilla</i>	Holistic approach to the aesthetic patient. <i>Dr. Claudia Piper</i>
14:50 - 15:10	Breast reconstruction with meshes and dermal matrices: the good, the bad and the ugly. <i>Dr. Sergio Sepulveda</i>	Deep lipo plus muscle volumization: the body contouring revolution. <i>Dr. Ricardo Babaitis</i>	Surgery is not everything: coadjuvant treatments. <i>Dr. Natacha Quezada</i>
15:10 - 15:30	Prepectoral breast reconstruction with implants in mastectomy with preservation of the nipple-areola complex, with or without immediate mastopexy. <i>Dr. Pedro Ciudad</i>	HD liposculpture of the male thorax. <i>Dr. Ahmad Saad</i>	The magic of the laser as a support in Plastic Surgery. <i>Dr. Karen Valenzuela</i>
15:30 - 15:50	How to avoid complications in breast reconstruction with implants. <i>Dr. Alvaro Cuadra</i>	Venus arms. <i>Dr. Laura Cala</i>	Nightmares with the use of fillers. <i>Dr. Natacha Quezada</i>
15:50 - 16:10	Is it possible to reconstruct breast sensitivity? Experience in breast neurotiziation. <i>Dr. Claudia Alborno</i>	Buttock sculpting: my approach. <i>Dr. Ahmad Saad</i>	Exosomes in aesthetics: here are the data. <i>Dr. Steve Cohen</i>
16:10 - 16:30	<i>Questions</i>	Secondary liposuction: how to go from a fake to a natural result. <i>Dr. Ricardo Babaitis</i>	<i>Questions</i>

16:30 - 17:00 - COFFEE BREAK

17:00 - 17:30	MASTER CLASS: Breast reconstruction with abdominoplasty. <i>Dr. Mustapha Hamdi</i>		
17:45 - 19:25	Breast Reconstruction <i>Moderators: Dr. Susana Benítez Dr. Cristián Erazo</i>	Body Contouring <i>Moderators: Dr. Gonzalo Gómez Dr. Javier Torres</i>	Oculoplastics <i>Moderators: Dr. Rolando Gonzalez Dr. Susana Searle</i>
17:45 - 18:05	One-stage breast reconstruction: a safe and efficient approach. <i>Dr. Juan Enrique Berner</i>	Patterns of female beauty over time. <i>Dr. Stefan Danilla</i>	The B-side of the fillers epidemic: periorcular edema & Blepharoplasty 3.0. <i>Dr. Jocelyn Kohn</i>
18:05 - 18:25	SPY Immunofluorescence in breast reconstruction. <i>Dr. Pedro Cuevas</i>	How to avoid abdominoplasty through strategy and technology. <i>Dr. Ricardo Araujo</i>	Advanced 4D blepharoplasty. <i>Dr. Montserrat Fontbona</i>
18:25 - 18:45	How to optimize aesthetic results in DIEP flaps. <i>Dr. Claudia Alborno</i>	Small details that have a big impact on abdominoplasty outcomes. <i>Dr. C. Bob Basu</i>	Lower blepharoplasty with bag repositioning. <i>Dr. José Lasen</i>
18:45 - 19:05	Timing of radiotherapy in DIEP flap surgery. <i>Dr. Anton Fries</i>	Lipectomy with house roof neoumbilicoplasty. <i>Dr. Laura Cala</i>	Frequent errors in blepharoplasty and how to avoid them. <i>Dr. Montserrat Fontbona</i>
19:05 - 19:25	<i>Questions</i>	Optimization of circumferential body lifting in patients with massive weight loss. <i>Dr. C. Bob Basu</i>	The eyebrows. <i>Dr. Steve Cohen</i>

19:30

WELCOME COCKTAIL

2025

AUGUST
29th

FRIDAY, AUGUST 29th, 2025

	ROOM 1	ROOM 2	ROOM 3
08:30 - 10:30	Limb Reconstruction and Microsurgery <i>Moderators: Dr. Ignacio Cifuentes Dr. Carolina Soto</i>	IMCAS Rhinoplasty Symposium <i>Moderators: Dr. Juan Pablo Cisternas - Dr. Rodolfo Behm</i>	I Chilean- Uruguayan Conference <i>Moderators: Dr. Carolina Salisbury - Dr. Marcelo Steiner</i>
08:30 - 08:50	Beginnings of microsurgery in Chile: A career in years of precariousness. <i>Dr. Vicente De Carolis</i>	Structural rhinoplasty: application of technique, use of burs, piezoelectric and PRF membrane. <i>Dr. Joaquín Bernalés</i>	08:30 - 08:45 Breast explant. <i>Dr. Oscar Jacobo</i>
08:50 - 09:10	Difficult cases in lower extremity reconstruction. <i>Dr. Hector Roco</i>	Management of nasal tip in closed rhinoplasty. <i>Dr. Claudio Thomas</i>	08:45 - 09:00 How do we plan and perform the DIEP abdominal flap for breast reconstruction in Uruguay. <i>Dr. Daniel Wolff</i>
09:10 - 09:30	Microsurgery in lower extremity without microscope. <i>Dr. Pedro Ciudad</i>	Definitive rhinoplasty in patients with unilateral cleft lip and palate <i>Dr. Michel Marin</i>	09:00 - 09:15 Chest wall reconstruction with latissimus dorsi flap in VY. <i>Dr. Liber Fraga</i>
09:30 - 09:50	Reviewing local flaps for leg coverage. <i>Dr. Fernando Macán</i>	Secondary aesthetic and reconstructive rhinoplasty. <i>Dr. Marco A. Ríos</i>	09:15 - 09:30 Discussion and questions: Breast reconstruction. <i>Dr. Susana Benítez, Dr. Cristian Erazo and Panelists: Dr. Oscar Jacobo, Dr. Daniel Wolff, Dr. Liber Fraga.</i>
09:50 - 10:10	Role of plastic surgery in the management of osteomyelitis. <i>Dr. Leonardo Parada</i>	Aesthetic rhinoplasty - from open to closed, structural or preservation, surgical or non-surgical. <i>Dr. Steve Cohen</i>	09:30 - 09:50 Inferior cruciate flap for predictability of mastopexy with implants. <i>Dr. Rocio Las Heras</i>
10:10 - 10:30	Optimizing preoperative planning in reconstructive microsurgery: the role of high frequency ultrasonography. <i>Dr. José Ramón Rodríguez</i>	<i>Questions</i>	09:50 - 10:05 Breast surgery with reduced scar in L. <i>Dr. Guzmán Ripoll</i>
			10:05 - 10:20 Chest masculinization in transgender. The top surgery. <i>Dr. Gabriella Grattarola</i>
			10:20 - 10:30 Discussion

10:30 - 11:00 - COFFEE BREAK

11:00 - 11:30	MASTER CLASS: Regenerative and Structural Facial Fat Grafting. <i>Dr. Steve Cohen</i>		
11:40 - 13:10	Limb Reconstruction and Lymphedema <i>Moderators: Dr. Ricardo Yanez Dr. Fernando Macán</i>	Facial Aesthetic Surgery <i>Moderators: Dr. Alejandro Conejero - Dr. Patricio Leniz</i>	I Chilean- Uruguayan Conference <i>Moderators: Dr. José Lasen Dr. Alvaro Cuadra</i>
11:40 - 12:00	Nerve reconstruction and our role as plastic surgeons. <i>Dr. Daniel Wolff</i>	The role of AI in the orientation and evaluation of treatment plans in aesthetic surgery. <i>Dr. Ali Ghanem</i>	11:40 - 12:00 Non-syndromic craniosynostosis. Epidemiology and treatment in Uruguay. <i>Dr. Maximiliano Juri</i>
12:00 - 12:20	Implementation of an orthoplastic limb reconstruction service: lessons learned from across the Atlantic. <i>Dr. Juan Enrique Berner</i>	Facial anatomy - New trends. <i>Dr. José Lasen</i>	12:00 - 12:20 Usefulness of tomography in aesthetic and/or functional rhinoplasty. <i>Dr. Santiago Wolff</i>
12:20 - 12:40	Unity is strength: orthoplastic teamwork in Chile. <i>Dr. Leonardo Parada Dr. Diego Valiente</i>	Cervical Anatomy. <i>Dr. Andre Auersvald</i>	12:20 - 12:35 Role of hair implant in scarring alopecia and FUE (Follicular Unit Extraction) technique. <i>Dr. Gabriela Novello</i>
12:40 - 13:00	Lymphedema: applying basic science to surgery for the treatment of lymphedema. <i>Dr. Ramyn Shayan</i>	Deep plane face and neck lifting <i>Dr. Steve Cohen</i>	12:35 - 12:55
13:00 - 13:10	Why use ultrasound in lymphatic surgery: Tips and tricks. <i>Dr. Jose Ramon Rodriguez</i>	<i>Questions</i>	12:55 - 13:10 Discussion and questions.

13:15 - 14:15 LUNCH SYMPOSIUM

14:30 - 16:30	Lipedema and Lymphedema <i>Moderators: Dr. María Elsa Calderón Dr. José Ramón Rodríguez</i>	Facial Aesthetic Surgery <i>Moderators: Dr. José Lasen Dr. Viviana Spronhle</i>	Workshop on Ultrasound for Plastic Surgery LIMITED SEATING
14:30 - 14:50	Combined surgical treatment modalities for lymphedema. <i>Dr. Pedro Ciudad</i>	Deep plane and SMASectomy. <i>Dr. Andre Auersvald</i>	14:30 - 15:00 Ultrasound for plastic surgery 101. <i>Dr. Ignacio Cifuentes</i>
14:50 - 15:10	Lymphedema, LVA and VLNT. <i>Dr. Anton Fries</i>	Modern Lifting, good ideas do not disappear, they just get transformed. <i>Dr. Cristián Erazo</i>	15:00 - 15:50 Practical Workshop on Ultrasonography. <i>Dr. Ignacio Cifuentes</i>
15:10 - 15:30	Lipedema - not just obesity: complex stem cell-driven disorder of adipose and connective tissue. <i>Dr. Ramyn Shayan</i>	Hemostatic network, a paradigm shift. <i>Dr. Andre Auersvald</i>	Surgical Instrument Technicians <i>Moderator: Dr. Marcelo Fonseca</i>
15:30 - 15:50	Lymphedema or Lipedema, that is the question. <i>Dr. Nicolás Pereira</i>	Endoscopic brow and midface lifting: a minimally invasive alternative. <i>Dr. Ahmad Saad</i>	15:50 - 16:00 Skills and roles of the surgical instrument technician in Plastic Surgery 1 <i>SIT. Veronica Barrales</i>
15:50 - 16:10	Surgical treatment of lipedema in post-bariatric patients. <i>Dr. Ricardo Yañez</i>	Full-field vs. fractional ablative laser for aesthetic restoration of the aging face: challenges and learning curves. <i>Dr. Ali Ghanem</i>	16:00 - 16:10 Skills and functions of the surgical instrument technician in Plastic Surgery 2 <i>SIT. Mariela Olguin</i>
16:10 - 16:30	<i>Questions</i>	<i>Questions</i>	16:10 - 16:30 The role of the Surgical Instrument technician in microsurgical flaps. <i>SIT Soledad Gamboa</i>

16:30 - 17:00 - COFFEE BREAK

17:00 - 17:30	MASTER CLASS: Military plastic surgery in Afghanistan. <i>Dr. Anton Fries</i>		
17:40 - 19:10	Transgender <i>Moderators: Dr. Cecilia Rozas Dr. Montserrat Fontbona</i>	Facial Aesthetic Surgery <i>Moderators: Dr. Carolina Salisbury Dr. Claudia Albormoz</i>	Physical Therapy and Nursing Conference: <i>Moderators: Dr. Valeria Arancibia - Dr. Carlos Ayala</i>
17:40 - 18:00	Double incision with free nipple graft for thoracic masculinization in transgender patients: considerations to improve outcomes and reduce complications. <i>Dr. Pedro Ciudad</i>	<i>Demystifying the High-SMAS and composite deep plane cervical facelift to optimize safety and outcomes</i> <i>Dr. C. Bob Basu</i>	Comprehensive management in body contouring surgery. <i>Physical therapist Gianina Tapia</i>
18:00 - 18:20	Refinements in NAC reconstruction in male transgender patients. <i>Dr. Kenneth Guler</i>	Lifting not in deep plane. <i>Dr. Claudio Thomas</i>	Role of the physical therapist in scar management. <i>Physical therapist Ana Rosenblitt</i>
18:20 - 18:40	Facial feminization in transgender patients. <i>Dr. Juan Pablo Sorolla</i>	Aesthetics of the chin: from surgery to minimally invasive procedure <i>Dr. Steve Cohen</i>	Pre and post surgical management of lymphedema and lipedema. <i>Physical therapist Layla Riady</i>
18:40 - 19:00	Male and female body masculinization. Feminization of trans women. <i>Dr. Ricardo Babaitis</i>	Evaluation of electromagnetic stimulation technology for face, body and mind health in aesthetic practice. <i>Dr. Ali Ghanem</i>	Wound bed assessment, beyond the obvious. <i>RN. Alejandra Vega</i>
19:00 - 19:10	<i>Questions</i>	<i>Questions</i>	The importance of therapeutic cleansing in complex wounds. <i>RN. Claudia Ramirez</i>

21:00 DINNER

2025

AUGUST 30th

SATURDAY, AUGUST 30th, 2025

ROOM 1

08:30 - 10:30

Complications in Plastic Surgery*Moderators: Dr. Cecilia Rozas - Dr. Juan Pablo Cárdenas*

09:00 - 09:20

Abdominoplasty in risky flaps: how to avoid complications.*Dr. Jorge Urenda*

09:20 - 09:40

Management and prevention of complications in abdominoplasty.*Dr. Marilú Sylvester*

09:40 - 10:00

Epidemic of complications of aesthetic surgery by non-specialists resolved in public hospitals.*Dr. Miguel Obaid*

10:00 - 10:20

More than a surgery: the patient's experience as a barrier against medical-legal problems.*Dr. Esteban Torres*

10:20 - 10:30

Questions

10:30 - 10:50 - COFFEE BREAK

10:50 - 11:20

Strategies to face complications in Plastic Surgery.*Dr. Wilfredo Calderon*

11:20 - 11:40

Creativity and Plastic Surgery*Dr. Steve Cohen :*

11:40 - 12:00

CLOSING OF THE CONGRESS

12:00 - 12:30

HOMAGE TO THE MASTER OF PLASTIC SURGERY

13:00

LUNCH (by admission fee)

2025

AUGUST 28th

CONTRIBUTED PAPERS

Oral N° 17 <u>Speaker:</u> <i>Dr. Natalia Leiva Costa - Pontificia Universidad Católica de Chile</i> Oral anticoagulation in body contouring surgery: Prevention or risk?
Oral N° 30 <u>Speaker:</u> <i>Dr. Tomas Gonzalez - Hospital Padre Alberto Hurtado</i> The influence of Artificial Intelligence on self-image: A threat to mental health.
Oral N°53 <u>Speaker:</u> <i>Dr. Diana Michieli Centeno - Pontificia Universidad Católica de Chile.</i> Morphometric Quantification of Facial Rejuvenation Post Deep Plane Cervicofacial Lift Using AI-Assisted Facial Analysis.
Oral N°52 <u>Speaker:</u> <i>Dr. Milagros Collazo - Hospital de Clínicas Dr. Manuel Quintela, Uruguay</i> Mohs Micrographic Surgery in the Academic Unit of Plastic Surgery of the Hospital de Clínicas Dr. Manuel Quintela. Our experience and epidemiological study.
Oral N°48 <u>Speaker:</u> <i>Dr. Herman Viveros - Hospital San José de Melipilla</i> Results of pectoral lipoinjection in thoracic masculinization surgery with double incision technique and free nipple grafting: Analysis of a retrospective cohort.
Oral N°57 <u>Speaker:</u> <i>Dr. Álvaro Rubio - Private Clinic</i> Surgical management of nasal deviations using combined approaches and advanced technology to optimize results.
Oral N°59 <u>Speaker:</u> <i>Dr. Diego Roselló - Pontificia Universidad Católica de Chile.</i> Orthoplastic reconstruction of coverage defects after wide resection of sarcomas of various locations. Experience of 5 years.
Oral N°22 <u>Speaker:</u> <i>Dr. Miguel Obaíd - HOSPITAL DEL SALVADOR</i> Virtual planning for en-bloc resection of bilateral gluteal allogeneisis with a favorable aesthetic result.
Oral N°43 <u>Speaker:</u> <i>Dr. Nicole Gutiérrez - University of Chile.</i> Abdominal wall endometrioma, reconstruction and multidisciplinary management.
Oral N°83 <u>Speaker:</u> <i>Dr. Carlos Ayala Pardo - Clínica Alemana de Valdivia</i> Aesthetic self-perception of the navel in abdominoplasty: Prospective comparative study of two surgical techniques of umbilical reconstruction in Clínica Alemana de Valdivia.
Oral N°10 <u>Speaker:</u> <i>Dr. Roberto Macchiavello - Finis Terrae University.</i> Against the clock: Presentation of a simple mathematical formula to plan the surgery of the severe burn patient.
Oral N°84 <u>Speaker:</u> <i>Dr. María Angélica Paulos - Dr. Roberto del Río Hospital.</i> Evaluation of the timing for primary surgery for patients with cleft lip and palate associated to the program of explicit health guarantees in Chile.
